## COFFEE

Coffee for us started in our converted 1970's Ford Transit ice cream van in 2012 at the bottom of the Gherkin building in the City of London. Our highly acclaimed Daisy Green bespoke espresso blend combines speciality grade beans from Brazil, Guatemala & Colombia to create a smooth, chocolatey and nutty espresso blend with just a touch of acidity. This pairs really well with milk for the perfect flat white.

## TEA

We first met Emilie, the founder of Good & Proper Tea, in 2012 when we had both just started out in the street food business with our vintage vans. Her commitment to sourcing the finest single origin teas from around the world was infectious and we've worked together ever since. We serve our tea in big pots, perfect for two cups.
