

# JOHNNY GREEN

Located just behind Regent's Park in the heart of St John's Wood, Johnny Green is a wonderful local spot, great for a coffee catch-up, leisurely brunch or dinner and drinks in the evening. Our brunch menu is full of Daisy favourites whereas dinner is where things are a lot more experimental.

The space is beautiful, light and airy with an open kitchen and statement bar. With our vibrant awnings and outside seating amongst the foliage, Johnny is reminiscent of the classic Aussie beachside local!

Daisy Green is an independent cafe and restaurant operator with a small number of carefully curated bespoke spaces across the UK. The focus is on carefully (and sustainably) sourced fresh Mediterranean ingredients with big pops of flavour, texture and hints of Asia. Our spaces are unique with art and design at the heart of everything we do.

## COFFEE

Coffee for us started in our converted 1970's Ford Transit ice cream van in 2012 at the bottom of the Gherkin building in the City of London. Our highly acclaimed Daisy Green bespoke espresso blend combines speciality grade beans from Brazil, Guatemala & Colombia to create a smooth, chocolatey and nutty espresso blend with just a touch of acidity. This pairs really well with milk for the perfect flat white.

## TEA

We first met Emilie, the founder of Good & Proper Tea, in 2012 when we had both just started out in the street food business with our vintage vans. Her commitment to sourcing the finest single origin teas from around the world was infectious and we've worked together ever since. We serve our tea in big pots, perfect for two cups.
