# Colony Room Green

Come join us downstairs for drinks in Colony Room Green  
and take a step back in time.

The Colony Room Club was an infamous drinking den/small members club which ran for over 50 years. It attracted a steady flow of painters, poets and aristos would gather to drink by the bucket load, titter over scandals and get truly sozzled. Notable and frequent visitors included Francis Bacon, Lucian Freud, Kate Moss, Damien Hirst, Will Self, Dylan Thomas, Tracey Emin, Lisa Stansfield and endless others.

In conjunction with Darren Coffield we have lovingly revived the club in the hope that more stories of equal note will be created.

To encourage this behaviour, we have kept the menu the same as it was when the club closed in 2008 (including the prices).

## COFFEE

Coffee for us started in our converted 1970's Ford Transit ice cream van in 2012 at the bottom of the Gherkin building in the City of London. Our highly acclaimed Daisy Green bespoke espresso blend combines speciality grade beans from Brazil, Guatemala & Colombia to create a smooth, chocolatey and nutty espresso blend with just a touch of acidity. This pairs really well with milk for the perfect flat white.
